

10 More Reasons

TO DO BUSINESS WITH CBEYOND

Key Highlights:

Cbeeyond seems to be the smart choice. But there are a lot of options available. Give me the top-line benefits that help Cbeeyond deliver value to my bottom line.

Cbeeyond.

The last

communications

company your

small business

will ever need.™

Value is often defined as “getting more for your money.” Cbeeyond – the leading provider of integrated packages of voice, mobile and broadband services for small businesses – has been delivering on that ultimate “value proposition” since our founding.

1. More Small Business Expertise

We work exclusively with small businesses.

2. More Customer Loyalty

More than one-third of all new sales are from referrals. Plus, we have a monthly customer retention rate of 99%.

3. More State-of-the-Art Technology

Built from the ground up, using our all IP network, allows Cbeeyond to constantly innovate and add new applications that are tightly integrated with our service offerings.

4. More Customer Focused

Cbeeyond’s five-tiered customer service approach featuring Service Coordinators, Customer Solutions Advisors and Sales Consultants ensures you get the most out of your service package – we emphasize “the service” in customer service.

5. More Reliability with Cisco

As a Cisco powered network, we ensure that you get the same performance, scalability, and uptime enjoyed by Cisco’s enterprise customers.

6. More Financial Stability

Cbeeyond is a publicly traded company (Nasdaq: CBEY).

7. More Value

All the productivity enhancing applications your small business needs including mobile and landline integration from one provider on one bill.

8. More Bandwidth

Since we integrate your voice and data over one network, our bandwidth is dynamic.

9. More Control

CbeeyondOnline, our Web-based customer account management tool, allows you to manage your services when you want, simply and easily.

More Kudos

10. Cbeeyond has been presented with a variety of analyst and industry accolades including: The 2006 AeA Spirit of Endeavor Award for Technology Entrepreneur; the 2006 Deloitte Technology Fast 50; Ernst & Young 2006 Entrepreneur of the Year finalist; Cisco IP Innovator at the CompTel Expo 2006; and the 2005 Frost & Sullivan Award for Product Differentiation Innovation.
